

TRADITIONAL RETRACTABLE PATIO AWNINGS

PRO SERIES

We all love beautiful sunny days. A time to be home enjoying family and friends. As we venture out onto our decks and patios, we realize the hot sun and UV rays can make our outdoor spaces uncomfortable.

SIMPLE • RELIABLE • AFFORDABLE

SummerSpace® Awnings will transform your sunny space into a relaxing shaded oasis. Join the thousands of families who have taken this journey with us. Over the next few pages, you can explore all the possibilities in outdoor comfort! You work hard, and you deserve the home of your dreams.

Let us make your dreams a reality.

enjoy the view

TRIED & TRUSTED

Our classic PRO SERIES TRADITIONAL RETRACTABLE AWNINGS continue to be popular because of their timeless style and reliable performance. These two models offer a wrapped front bar for a look that's seamless and sophisticated. Customize your awning to the perfect size, with over 100 exquisite fabrics from which to choose. Add extra protection with options including a solar drop screen, Weatherguard hood and a wind sensor. Our traditional awnings are a smart investment.

TRADITIONAL

THE SUMMERSPACE® TRADITIONAL RETRACTABLE AWNING is popular for its clean styling, strength, and options. The adjustable shoulder design allows your dealer to set the pitch for just the right angle and optimum shade. The awning's arms function with a stainless steel chain tension system for ultimate strength and years of maximum performance. The unique wrapped front bar gives a seamless look that today's homeowners will love. Choose an added benefit of fabric protection with an optional aluminum hood. When retracted, the fabric roll remains protected from the elements. We offer a choice of motorized or manual crank-out functionality.

Shown in OPEN position (fully extended)

Shown in CLOSED position (fully retracted)

Pro Series Traditional Awnings by SummerSpace® are designed to be self-supporting for an unobstructed view without poles or supports. These awnings provide the perfect amount of shade when open, and retracts to blend seamlessly with your home's exterior when closed.

TRADITIONAL WITH FLEX-PITCH

THE SUMMERSPACE® TRADITIONAL RETRACTABLE AWNING WITH FLEX-PITCH is unique because of the Flex-pitch shoulder that adjusts with the use of a hand crank for a smooth transition to the perfect angle. The wrapped, round front bar gives a seamless look to this classic style awning. The SummerSpace® aluminum hood protects your fabric roll when retracted, ensuring that your fabric retains its color and strength for years to come.

Shown in OPEN position (fully extended)

Shown in CLOSED position (fully retracted)

SummerSpace[®] Awnings with Flex-pitch offer the classic look of our popular traditional awning with the smooth functionality of its Flex-pitch shoulder. It helps you to find the perfect pitch angle for the most optimum shade. You can even tilt your front bar for added custom comfort.

RETRACTABLE PATIO AWNINGS
FEATURES & OPTIONS

WIND SENSOR

The SummerSpace® Wind/Motion Sensor provides wind protection, retracting the awning when winds exceed a safe speed. Awning must be motorized.

ROOF MOUNT

Your awning may be roof mounted when space requirements cannot be met.

SUMMERSPACE® ALUMINUM HOOD

Protect your fabric from the elements with an optional aluminum hood.

CHAIN TENSION SYSTEM

All arms have a stainless steel chain tension system for maximum strength, durability, and reliability.

MOTOR & REMOTE CONTROL

Operate your new awning with a quiet, hidden, SummerSpace® tubular motor with an all weather remote control. The manual override loop allows you to retract your awning in the event of a power outage. Simply plug the cord into an outside receptacle – no electrician is needed.

OUR FIVE TEXTURED
POWDER-COATED FRAME
COLORS OFFER A RICH,
LUXURIOUS FINISH

SUMMERSHIELD™

All powder coatings and applications are not created equal. Our industry leading pretreatment, and proprietary SummerShield powder coating finish, exceeds AAMA 2604 specifications including 3,000 hour salt spray testing. This super durable finish includes UV inhibitors that extend the life of the beautiful, fade resistant finish. Our finish is low gloss and lightly textured, adding an upscale look discerning buyers expect on high performance products. SummerShield takes it one step further by infusing our coatings with anti-microbial technology for the ultimate in low maintenance finishes. You will find our Pro Series Awnings available in five stunning earth tone colors. We are sure you will find the perfect one just for you.

WE OFFER SIX DIFFERENT
PHIFER® SHEERWEAVE
FABRICS WITH 5% OPENNESS
FOR MORE SHADE & PRIVACY

DROP SCREENS

SummerSpace® drop screens provide additional shade protection from the sun when it is low in the sky. Sometimes, just the glare on a very sunny day can keep you from fully enjoying your deck or patio. Our drop screens are made using Phifer Sheerweave solar mesh which is the finest in the industry. Choose from one of our six beautiful color options and coordinate your entire awning for just the right look on your home or business. With just a touch of a button, your rechargeable battery operated motor will silently extend or retract your drop screen in less than a minute. The lithium battery requires a simple charge once or twice a year depending on usage, and no unsightly cords will be visible during use of the screen.

ROBUSTA

Robusta in open position

Robusta in closed position

Robusta in down position

THE SUMMERSPACE® ROBUSTA WINDOW AWNING utilizes a unique arm tensioned fabric to provide sun protection to reduce heat gain. When you prefer to let the light in, simply retract the awning at the touch of a button or turn of a crank. Motorized operation with remote control is standard; manual gear operation is optional.

VIVISTA

Vivista partially extended

Aluminum hood

Vivista fully retracted

THE SUMMERSPACE® VIVISTA RETRACTABLE WINDOW DROP SHADE effectively reduces sun exposure on windows and porch openings. It comes with your choice of acrylic awning fabric or Phifer 4500 5% open mesh. Motorized operation with remote control is standard; manual gear operation is optional.

TEFLON® EXTREME BY PARÀ

Branded Parà Tempotest® fabrics benefit from a finishing process developed in partnership with Teflon®. Teflon® Extreme By Parà is a nanometric particle surface treatment that forms a molecular barrier around each fiber, providing double-action protection and a self-cleaning system that repels water and oil-based stains.

During the production process, the fabric is introduced into the Teflon® Extreme finishing bath creating a strong bond with the fiber and forming an invisible barrier. The highly-repellent component contained in the barrier helps water and rain to wash away dirt, eliminating marks and preserving the fabric's beauty and performance over time.

HI-CLEAN FINISHING

All Tempotest® fabrics are treated with a special type of finishing, called Hi-Clean, that creates an impenetrable barrier without compromising the fabric's breathability. The Hi-Clean finishing makes Tempotest fabrics repellent to water, grease, and oil as well as protects against rotting and the formation of mold and fungus. Hi-Clean makes the fabric self-cleaning, allowing dirt as well as fine dust and pollution to wash away with water or rain.

CONFIDENCE IN TEXTILES

This has been the motto of the independent test institutes of the International Oeko-Tex Association since 1992. Products of all types that are tested for harmful substances and found to pose no risk whatsoever to health are given the Oeko-Tex Standard 100 certificate of approval. Tempotest fabrics continually receive this designation.

WE'RE ALL ABOUT COMFORT

Add fashion and function to your backyard with a beautiful Retractable Awning by SummerSpace®.

The shade an awning provides can reduce the temperature on your deck or patio by up to 20 degrees.

A SummerSpace® Awning will add equity to your home and provide years of lasting performance and enjoyment.
