

RETRACTABLE PATIO AWNINGS

PRO | TRADITIONAL

SERIES

SUMMERSPACE®

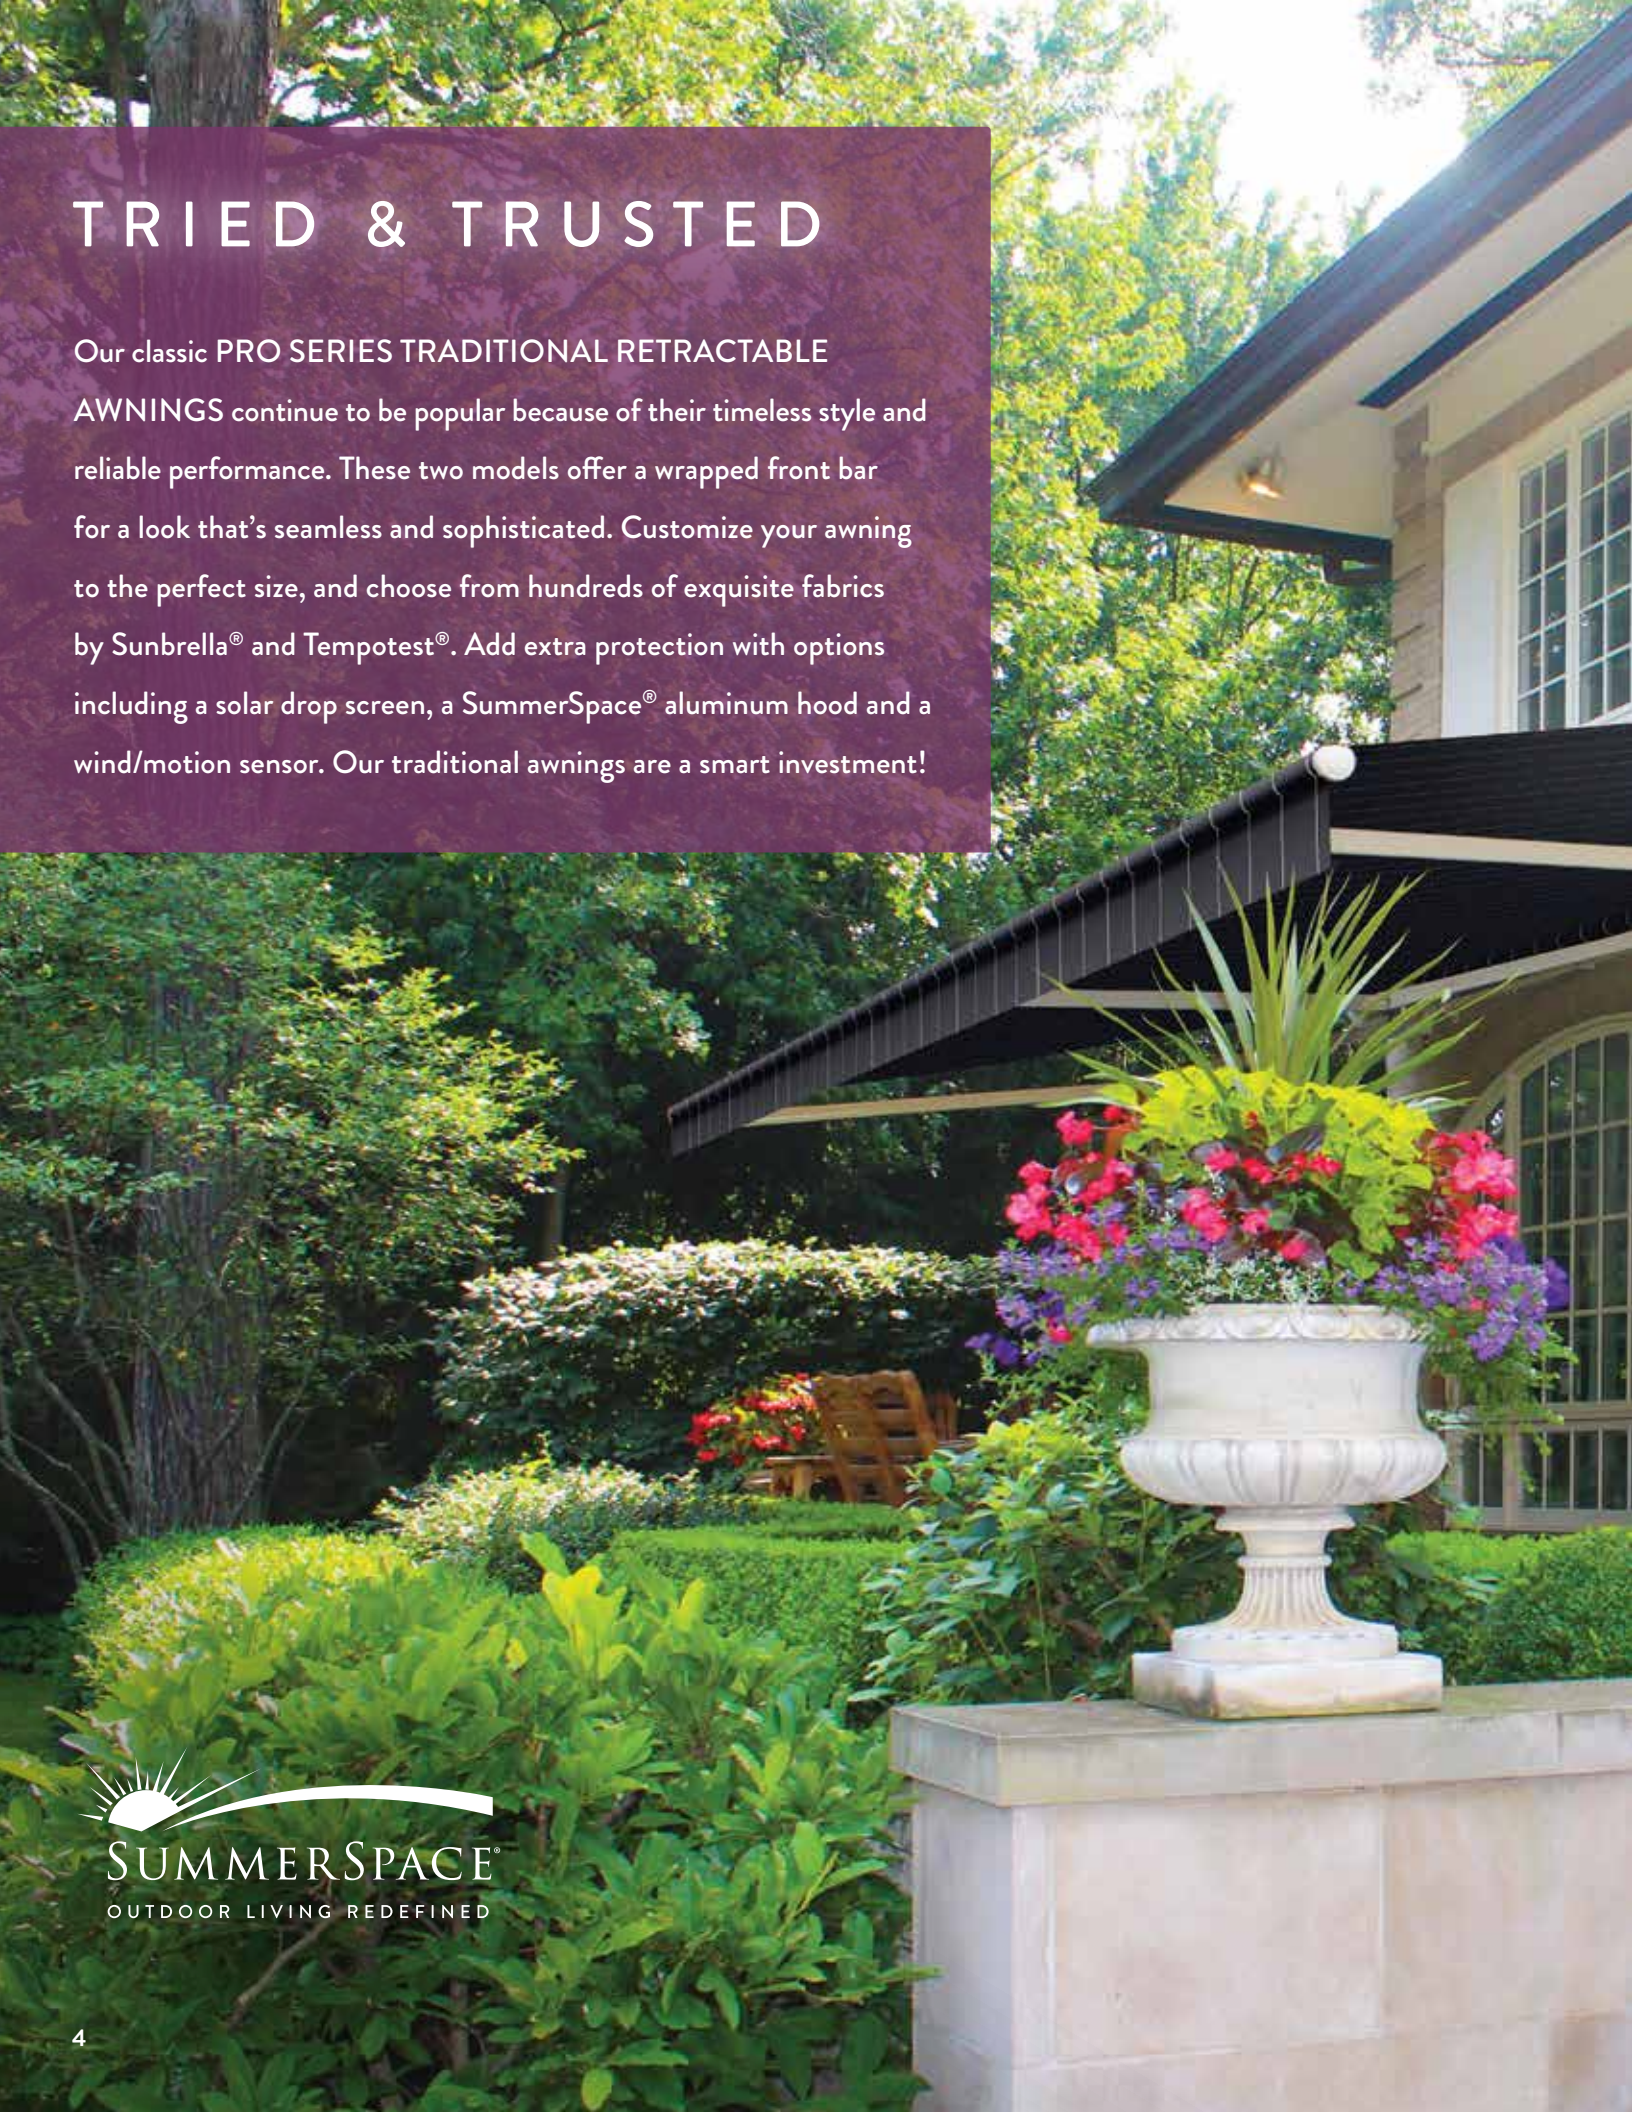

OUTDOOR LIVING REDEFINED

Transform any sun-drenched patio, deck, or outdoor living area into a cool, comfortable retreat with a SummerSpace® Pro Traditional Awning. Designed to block harsh sunlight while maintaining an open, airy feel, these awnings create an inviting shaded oasis where you can relax, entertain, and unwind without the intensity of direct heat.

Beyond comfort, they provide an added layer of protection by reducing exposure to harmful UV rays, helping safeguard both your skin and outdoor furnishings from sun damage. The result is a more enjoyable, usable space that feels like a natural extension of your home — bright, beautiful, and refreshingly shaded.

TRIED & TRUSTED

Our classic PRO SERIES TRADITIONAL RETRACTABLE AWNINGS continue to be popular because of their timeless style and reliable performance. These two models offer a wrapped front bar for a look that's seamless and sophisticated. Customize your awning to the perfect size, and choose from hundreds of exquisite fabrics by Sunbrella® and Tempotest®. Add extra protection with options including a solar drop screen, a SummerSpace® aluminum hood and a wind/motion sensor. Our traditional awnings are a smart investment!

TRADITIONAL

THE SUMMERSPACE® TRADITIONAL RETRACTABLE AWNING is popular for its clean styling, strength, and options. The adjustable shoulder design allows your dealer to set the pitch for just the right angle and optimum shade. Built for years of maximum performance, we offer motorized or manual crank-out functionality. Extend the life and vibrancy of your fabric with an optional SummerSpace® aluminum hood – when retracted, your fabric roll will remain protected from the elements. This awning's unique wrapped front bar gives a seamless look that today's homeowners will love.

PRO SERIES 77

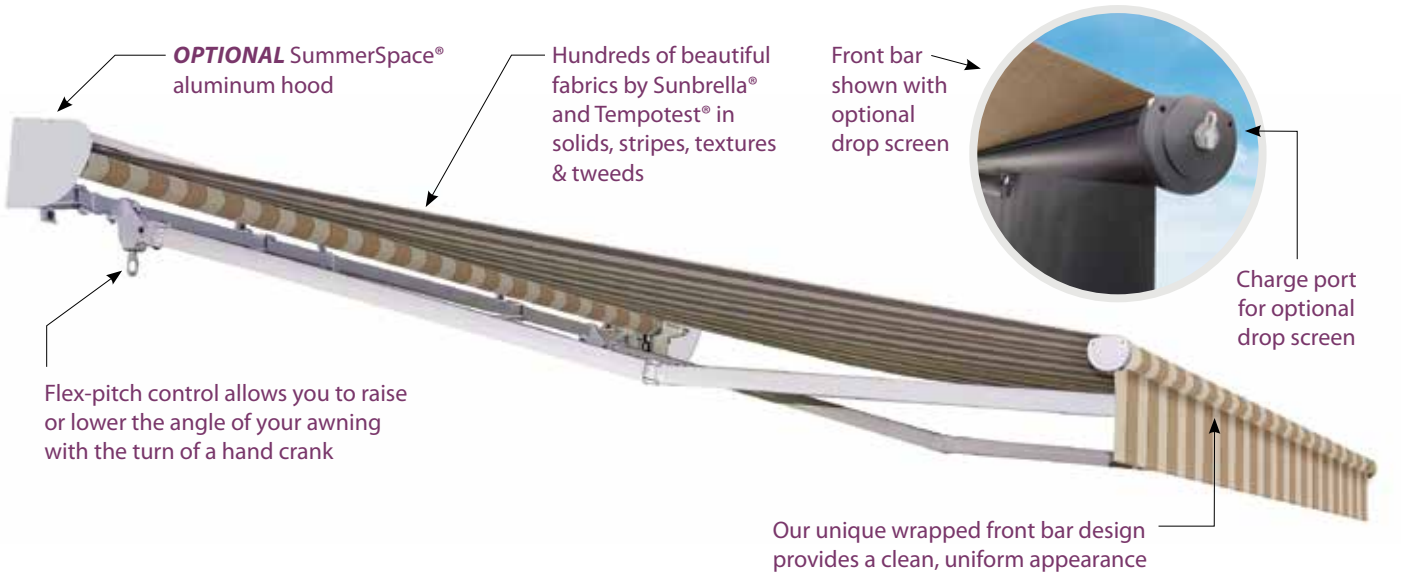

MODEL: PRO SERIES 77
FRAME: WHITE TEXTURED #SS9016
FABRIC: TEMPOTEST® PEBBLE TWEED/WHITE #T5372

Pro Series Traditional Awnings by SummerSpace® are designed to be self-supporting for an unobstructed view without poles or supports. These awnings provide the perfect amount of shade when open, and retracts to blend seamlessly with your home's exterior when closed.

OUTDOOR LIVING REDEFINED

TRADITIONAL WITH FLEX-PITCH

THE SUMMERSPACE® TRADITIONAL RETRACTABLE AWNING WITH FLEX-PITCH is unique because of the Flex-pitch shoulder that adjusts with the use of a hand crank for a smooth transition to the perfect angle. The wrapped, round front bar gives a seamless look to this classic style awning. The SummerSpace® aluminum hood protects your fabric roll when retracted, ensuring that your fabric retains its color and strength for years to come.

PRO SERIES 87

MODEL: PRO SERIES 87
FRAME: ESPRESSO TEXTURED #SS8022
FABRIC: TEMPOTEST® LINEN WEAVE
BRUSHED SILVER #LW62

SummerSpace® Awnings with Flex-pitch offer the classic look of our popular traditional awning with the smooth functionality of its Flex-pitch shoulder. It helps you to find the perfect pitch angle for the most optimum shade. You can even tilt your front bar for added custom comfort.

FEATURES & OPTIONS

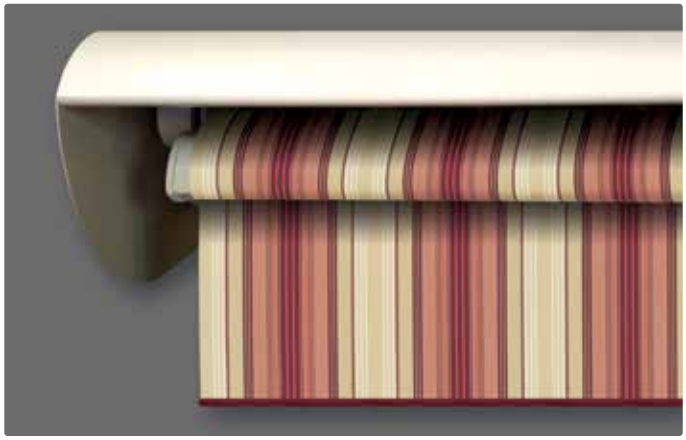

WIND/MOTION SENSOR (Optional)

The SummerSpace® Wind/Motion Sensor provides wind protection, retracting the awning when winds exceed a safe speed. Awning must be motorized.

ROOF MOUNT (Optional)

Your awning may be roof mounted when space requirements cannot be met.

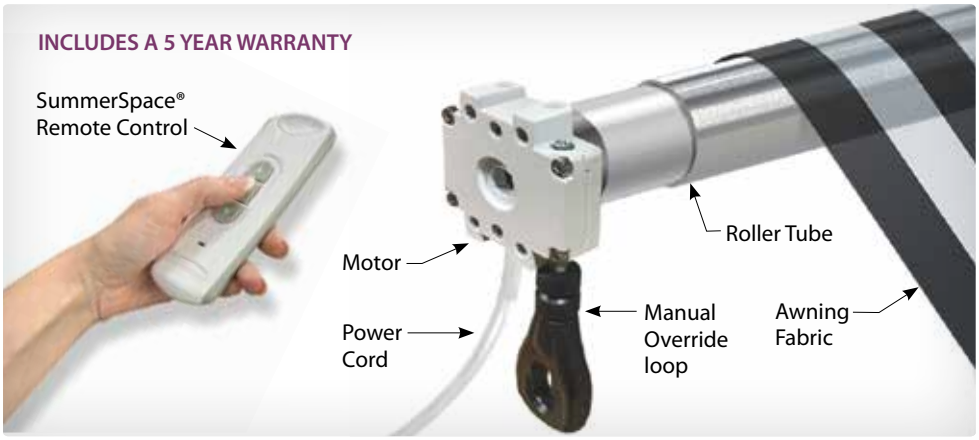

SUMMERSPACE® ALUMINUM HOOD (Optional)

Protect your fabric from the elements with an optional aluminum hood.

SOLAR DROP SCREEN (Optional)

Drop screens extend from the awning's front bar to provide additional shade and privacy when you need it.

MOTOR & REMOTE CONTROL

Operate your new awning with a quiet, hidden, SummerSpace® tubular motor with an all weather remote control. The manual override loop allows you to retract your awning in the event of a power outage. Simply plug the cord into an outside receptacle – no electrician is needed.

OUR FIVE TEXTURED POWDER-COATED FRAME COLORS OFFER A RICH, LUXURIOUS FINISH

SUMMERSHIELD™

All powder coatings and applications are not created equal. Our industry leading pretreatment, and proprietary SummerShield powder coating finish, exceeds AAMA 2604 specifications including 3,000 hour salt spray testing. This super durable finish includes UV inhibitors that extend the life of the beautiful, fade resistant finish. Our finish is low gloss and lightly textured, adding an upscale look discerning buyers expect on high performance products. SummerShield takes it one step further by infusing our coatings with anti-microbial technology for the ultimate in low maintenance finishes. You will find our Pro Series Awnings available in five stunning earth tone colors. We are sure you will find the perfect one just for you.

Our 31,000 square foot powder coating facility is fully automated from start to finish. Because of our 313-foot continuous powder coat line, we have the capability to coat frame parts and extrusions up to 30 feet in length at a line speed of 7 feet per minute.

Powder coat spray from both sides gives smooth, even, and complete coverage.

WE OFFER SIX DIFFERENT PHIFER® SHEERWEAVE FABRICS WITH 5% OPENNESS FOR MORE SHADE & PRIVACY

DROP SCREENS

SummerSpace® drop screens provide additional shade protection from the sun when it is low in the sky. Sometimes, just the glare on a very sunny day can keep you from fully enjoying your deck or patio. Our drop screens are made using Phifer Sheerweave solar mesh which is the finest in the industry. Choose from one of our six beautiful color options and coordinate your entire awning for just the right look on your home or business. With just a touch of a button, your rechargeable battery operated motor will silently extend or retract your drop screen in less than a minute. The lithium battery requires a simple charge once or twice a year depending on usage, and no unsightly cords will be visible during use of the screen.

RETRACTABLE WINDOW AWNINGS & DROP SHADES

ROBUSTA

Robusta in open position

Robusta in closed position

Robusta in down position

THE SUMMERSPACE® ROBUSTA WINDOW AWNING utilizes a unique arm tensioned fabric to provide sun protection to reduce heat gain. When you prefer to let the light in, simply retract the awning at the touch of a button or turn of a crank. Motorized operation with remote control is standard; manual gear operation is optional.

VIVISTA

Vivista partially extended

Aluminum hood

Vivista fully retracted

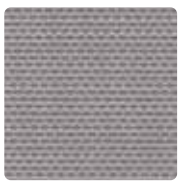

THE SUMMERSPACE® VIVISTA RETRACTABLE WINDOW DROP SHADE effectively reduces sun exposure on windows and porch openings. It comes with your choice of acrylic awning fabric or Phifer 4500 5% open mesh. Motorized operation with remote control is standard; manual gear operation is optional.
